Photo and Video Consent

Taking photographs/videos and sharing stories with parents and others interested in our schools are often a source of great pleasure and pride for our students and their families.

We may take photographs of students to identify them, including for ID cards and in our school records and also take photographs or record video during lessons, presentations or school trips where this supports the delivery of our school curriculum, and we are not seeking consent for this, as these are part of the ordinary running of our schools and are considered as being in the legitimate interest of our school.

We also use a number of communications channels, online and offline, including digital media channels to connect and engage with our wider school community as outlined in the 'use of communications channels' document.

We hope you will feel able to support the school in using pupil images to celebrate the achievements of pupils, sporting, academic, co-curricular and otherwise, to promote the work of the school. You may change your mind at any time by emailing the school.

Photo & Video consent

I/we consent* to my / my child's image and first name being used as outlined in the 'use of communications channels' document. Yes/No

*Where your child is over 13 years old, please discuss this with them
